

Leaders ask questions. Then question the answers.

At Baylor, our STEAM programs challenge students to question everything (even themselves) – so they can rethink, reinvent, reimagine, and lead the world around us. Because we believe leaders are the ones who can see beyond the horizon. Who never settle for “It can’t be done.”

TAKE A TOUR

APPLY NOW

“Because of Baylor, I’m doing college-level breast cancer research.”

From our state-of-the-art Weeks Science Building to after-school STEAM programs to our partnership with the [Tennessee Aquarium Conservation Institute](#) (it’s right here on campus!), we have loads of ways students can roll up their sleeves as young cell biologists, roboticists, and astronomers.

Welcome to Class

Tennessee River

Take water samples for aquatic research right on campus.

Solar Farm

Study sustainability on a walk through our 200-kilowatt field.

IdeaLab

Solve real problems. Then take them from prototype to patent

aniMAKE Studio

Bring your ideas to life with claymation, 3-D printing, and more.
